

Part III, Question 13b:

Explanation for Contributions in excess of calculation in 13a:

The following six members responded to a solicitation for funds for a down payment for the construction of a new Chapter Hangar and Meeting Facility described in detail in Part II, Question #3 (please see that attachment), and therefore exceeded the 2% figure of \$387.50:

Curtis Baker	\$1,000
Kevin F. Davidson	\$1,100
Kenneth P. Hazlett	\$1,000
Zellner H. Giles	\$1,000
John M. Pongracz	\$1,100
Ed Rouleau	\$ 500

Nineteen other members pledged to pay \$100 per year for the next ten years toward this end, but I don't believe they really meet the test of this question.

One other member contributed a Port-A-Potty for \$350 and was one of the nineteen members listed above, and so his total to date for 1997 is \$450:

William S. McMichael	\$ -450
